Mount Pleasant, SC 29464

Dear Clark,

We have received and reviewed your application to become a U.S. Soccer Development Academy. After careful consideration, the U.S. Soccer Competition Committee would like to welcome you to the U.S. Soccer Development Academy.

You are part of an exclusive group of clubs that are an extension of our current National Team program. The Academy is more than just improved competition; it is a comprehensive program that involves the training and development of players, coaches and referees, scouting by National Team and college scouts, as well as the latest thinking in areas such as performance training and expertise development.

We are excited to begin the Academy program and we look forward to working with you as we grow the program in the coming years.

Kind Regards,

Dan Flynn  
C.E.O./Secretary General  
U.S. Soccer Federation
